Our Lady of the Wayside, pray for us

Newsletter: October 2020 — January 2021 (Issue 3)

Dear friends,

Happy new year! We thank God for yet another year despite the uncertainties of this time. We remain full of hope in the sure knowledge that the Good Lord brings good out of evil. Our thoughts are with all of you during this time as we pray for God's love, His protection and His consolation to the sick, and for all who have lost loved ones during this pandemic. We continue to journey in prayer, asking the Almighty for an end to this pandemic. Please also be assured that during our evening prayers, we continue to pray for your intentions.

In Newsletter 2, we looked forward to two big events: our Divine Loves online event, and the opening of our Soup Kitchen at English Martyrs Catholic Church (Streatham). We are delighted to inform you that the online event, held on 24th October, went very well, while the soup kitchen project continues to be a real cause for joy. We are looking forward to another online event later this year, so please do watch out for it! AVE MARIA

In December 2020, we sent 2 boxes of school materials, clothes, toys and hygiene products to Nigeria to support the education of indigent children and the care of street children in the Enugu and Nsukka states. This was accomplished with the help of our sisters in Nigeria. We are getting very positive reports of how happy the children are and how the school materials have helped their learning. Thanks to all our donors.

We also sent money to our charity home in Enugu and mobile clinic in Mbaise/Owerri Nigeria for the celebration of Christmas. We have also received reports that our Christmas presents made a big difference and put a smile on the faces of the children despite the uncertainties of this time.

Thank you.

WATER IS LIFE

Water continues to be a problem in many countries where our sisters minister. With the help of some generous donors, we have in the past provided well to our charity home for street and abandoned children in Nigeria. This well is presently providing water for the centre as well as for surrounding residents. It costs £3,000 to £4,000 to dig one well. We have other such requests on our list, with up to 10 communities or groups who need wells to address their lack of water. Any gift to help provide water to these communities will be greatly welcomed.
